service & solution driven

Building on its impeccable reputation as manufacturer of architectural lighting for homes, Delta Light® has grown to become a household name and trendsetter when it comes to lighting designs for commercial and professional environments.

Delta Light® has catered for some of the world's most well-known brands and architects, providing sophisticated and value adding lighting solutions. Ranging from retail to residential, office, public, showrooms to hospitality and landscape projects, small to very large scale, Delta Light® has the product range, experience and knowledge to meet the functional and aesthetic needs of your projects.

Each project requires a customized approach, as such Delta Light® distinguishes itself with an exceptional package of services and design tools. The global team works with all stakeholders involved to get the best possible result. Starting with lighting design services all the way down to the installation process and direction of lighting as a function of its environment. Be it for technical or application questions, performance and energy saving studies, a LEED assessment process, custom designs and made-to-measure solution, rendering or graphics needs, or any other lighting design related issue... Delta Light® provides a one-stop-shopping solution for your projects.
